

P7000 RIBBONS

STANDARD CAPACITY

Offers lower purchase price per ribbon plus the convenience of ordering in smaller quantities for moderate use requirements

ULTRA CAPACITY

This ribbon has been the gold standard for years and continues to offer the same benefits as before

ULTRA CAPACITY PLUS

Offers lowest total cost of printing plus longer ribbon life for the highest productivity, designed for high use environments

A NEW FAMILY OF RIBBONS FOR THE P7000

Printronix is expanding the offering of highly reliable printing ribbons that are available for the P7000™ series line matrix printers. The new ribbons offer customers the choice of matching their printing supplies to their volume of printing and their budget. The P7000 ribbons have been designed to give the darkest print, longest life and best cost per page. It contains the necessary ingredients to be readable by infrared OCR and bar code scanners, and produces sharp high contrast bar codes and text.

STANDARD CAPACITY – These ribbons offer a low purchase price per ribbon plus the convenience of ordering in smaller quantities for moderate use requirements. This ribbon is ideal for average use customers in banking, retail, logistics and other distributed printing environments.

ULTRA CAPACITY – This ribbon has been the gold standard for years and continues to offer the same benefits as before. It is a workhorse solution for most report and label printing applications.

ULTRA CAPACITY PLUS – These ribbons offer the lowest total cost of printing, longest ribbon life and fewest user interventions. This ribbon is designed for higher-use customers in manufacturing, back office applications and any application using high-volume batch printing.

KEY BENEFITS

- The P7000 ribbon uses specialty pigments and dyes to achieve an image 20% darker than our previous ribbons
- The P7000 ribbons include bar coding to work integrally with the Integrated Print Management system of the Printronix P7000 printer; this system automatically monitors and communicates ribbon life and provides the user with precise control over print quality, consumable costs and job planning
- The P7000 ribbon features our easy-load spool; matched with our P7000 easy-load hubs it makes changing ribbons even simpler
- Pedestal or cabinet users need not worry, the P7000 models have been designed to allow the large sized spools to fit both comfortably

PRINTRONIX®

P7000 RIBBONS

	ORDERING PART NUMBER	RIBBON DESCRIPTION	CHARACTER YIELDS TO MACBETH DENSITY OF 0.2*	PACKAGING	KEY FEATURES
