State and Local Price Plan (Purchase Requirement - Customer Number must be assigned to STL)

Effective July 1, 2007

(Last Update March 24, 2008)

XEROGRAPHIC CARTRIDGE AND PRINTER TONER CARTRIDGE WARRANTY

Xerox Product Warranties for Copy Cartridges are extended only to customers who purchase these supplies directly from Xerox or an authorized Xerox Dealer, Distributor or Agent. Xerox guarantees Copy Cartridges for the products noted below against defects in materials or workmanship. If the Copy Cartridge fails or if copies do not meet Xerox quality standards at any time up to the reorder point, Xerox will repair the cartridge or replace it with a suitable Copy Cartridge so that the customer receives from the failed cartridge and the replacement cartridge together the total expected number of copies for the failed cartridge at no additional charge.

Cartridges that fail after the reorder point are considered to have been fully expended, and no warranty adjustment will be made on these cartridges. In addition, to enhance print quality, Xerox has designed the cartridge used in certain equipment models to cease functioning at a predetermined point. For products with highlight color - black or single color copies activate the copy cartridge meter one time. Black plus color or multiple originals merged onto one document (overlay) activate the meter each time a developer housing is engaged; e.g. black copy with red highlight color equals two copy cartridge meter counts.

Product	Re-order point	Total Expected Copies
5012/5014	16.000	18.000
5018	18.000	20.000
5021/5028/5034/5328	23.000	25.000
5312/5314	16.000	18.000
5318/5320/5322	23.000	25.000
5614	16.000	18.000
WorkCentre Pro 215	17.000	18.000

Cartridges, other than those noted above, are guaranteed to be free from defects in materials and workmanship. Copy and Print Cartridges verified to be defective will be replaced at no charge. These cartridges are not warranted to copy or print count as yield can vary depending on percent area coverage of the documents and other factors controlled by the Customer.

DEVELOPER INSTALLATION AND WARRANTY

All developer will be changed by the Xerox Customer Service Engineer in accordance with applicable Xerox maintenance procedures. Customers requesting early developer changes will be subject to charge for labor and materials. The Xerox Customer Service Engineer may, at Xerox' option, remove used developer from the Customer's premises unless the Customer specifically requests that the developer be left in its possession. Xerox Developer may contain recycled core material. Xerox Developer is warranted only when installed by Xerox. Xerox Product Warranties for Developer are extended only to customers who purchase these supplies directly from Xerox or an authorized Xerox Dealer, Distributor or Agent. Xerox Developer is warranted to produce the minimum number of copies, as stated below.

Any developer verified to have failed without achieving the specified number of copies, will be replaced with Developer of the same or equivalent specifications free of charge to ensure the Customer obtains the warranted copy count for the carton of Developer purchased by the Customer. **ALL DEVELOPERS ARE WARRANTED ONLY WHEN USED WITH THE APPROPRIATE XEROX TONER.**
